

This book has been created with love by Quakers in Wales, funded by the Joseph Rowntree Charitable Trust. Many Friends have contributed, perhaps in a sentence or two, or in a longer, reflective passage. These voices tell of faith and practice in the everyday, in their Quaker variety and commonality. This book provides food for thought for individuals, whether they are existing Quakers or not. It also provides discussion material for groups of Quakers to deepen their spiritual life together.

One copy of each book will be sent **FREE** to all local meetings in Wales and the borders.

£8 for each book: a copy of both for £15.
